ALL THE DATES

In The News

Dear Members and Friends,

Our newsletter format is changing. Below you will find only content specific to the North Texas region. Issues of broader interest will now be sent out in the monthly NUCA Texas newsletter. All members of NUCA North Texas are also members of NUCA Texas. It is our hope you will read both. As the statewide chapter becomes more robust we anticipate similar changes in our webpage structure later this year. These changes will facilitate the NUCA brand becoming a cohesive presence from Texarkana to El Paso and Amarillo to Brownsville.

Here in North Texas we were proud to host Cheryl Stratos this month. Cheryl, in addition to being a NUCA member, serves on the Board of the Directors of the Melanoma Research Foundation. She updated and expanded our knowledge on skin cancer prevention, treatment, and changing responsibilities related to sun exposure safety. Her presentation provided concrete actions that can be taken to protect workers from the sun's ravages and companies from issues of liability.

This month we anticipate the fun of a Top Golf event at the new Fort Worth location August 16th. Besides this unique golfing activity the event includes appetizers and an open bar. Sign-up now, if you have not already done so.

A date and location for our September Trench Training event has been established. This is our third presentation of this OSHA Alliance training event and is being hosted by the City of Grapevine. Registration is now open and we encourage all our members to send their crew chiefs and site supervision to participate in this free event.

As always, stay heat wary and help keep your crews cool through these dog days of summer.

Sincerely,

Driskoll Tubbs
