Dear Members and Friends,

We experienced another well planned FUN event last week at Top Golf in Ft. Worth with just under 90 people showing up, some at the last minute which helped replace the few "No Shows". I appreciate your involvement at our events and if you haven't been able to join us yet there are several more including our golf tournament before the end of this year.. Besides being a great deal of fun, these events provide an opportunity to interact which ultimately helps both our members and our industry. We welcome new and old members alike to participate in our association leadership as committee members, committee chairs and board members. Board members two year terms are staggered so that half the board is changed out each year at our annual meeting in March. If you wish to have more information about a specific role, please contact Deana or myself. As always your feedback is always appreciated.

Sincerely,

Driskoll Tubbs
